

*** Please go inside for about 30 minutes when you see the truck spraying. Our drivers are instructed to cut off the sprayer if people are standing near the road.**

*** Please note that spraying may be cancelled or changed all or in part without notice.**

*** For more information consult the NHC Vector Control website. There is also a link to the Asian Tiger Mosquito.**

***Please remember to check for standing water in your yards and dump water from all man-made containers. Toss, recycle, or store containers inside so that they can never hold water. Mosquitoes only need 1/8 inch of water to complete their life cycle.**

New Hanover County Mosquito Spray Schedule 8/16/17 - 8/21/17

Surveillance shows that mosquito populations are below threshold levels. There will be no county wide mosquito spraying.
